

897.

According to the Article 99 paragraph 2 of the Law on the Spatial Development and Construction of Structures (“Official Gazette of Montenegro”, No. 51/08), the Ministry of Economic Development provided

THE RULEBOOK

ON THE FORM AND LAYOUT OF THE PANEL WITH DATA OF THE ISSUED BUILDING PERMIT

Article 1

This Rulebook shall provide the form, layout, content and method of displaying the Panel with data of the issued building permit (hereinafter the Panel)

Article 2

The Panel shall be in form of rectangle (golden section), three-dimensional, shallow-box, with concave angles.

Article 3

The Panel shall include the following information:

1. 3D color display of structure (in 1 / 3 of the Panel area, in the top left corner);
2. Name, purpose and size of structure;
3. Number of the planning lot;
4. Name of the investor with the data (address, phone and website);
5. Name of the lead designer with the data (address, phone and website);
6. Name of the business organization that has developed technical documentation with the data (address, phone and website);
7. Name of the contractor with the data (address, phone and website);
8. Name of business organization that conducts supervision, with the data (address, phone and website);
9. Number and date of the notice by which the building permit is issued and the name of the body that issued the building permit;
10. Date of commencement of works and established deadline for the completion of works.

Advertising material shall not be displayed on the Panel.

Article 4

The data from the Article 3 of this Rulebook shall be written in block letters on the Panel, bold Non Serif Style, in black color.

Article 5

The Panel shall be made in four dimensions depending on the size and type of the structure: For structures for which the building permits are issued by the competent state administration body:

1. The Panel dimensions 250cm x 350cm x 20cm,

For structures for which the building permits are issued by the competent authority of local government:

2. The Panel dimensions 200cm x 280cm x 15cm,
3. The Panel dimensions 150cm x 210cm x 10cm and

For temporary structures, for which the competent state administration body issues approval, installation and urban development and technical requirements:

4. The Panel dimensions 100cm x 140cm x 5cm.

Article 6

The Panel shall be made of square box profiles made of iron and galvanized sheet metal; it shall be placed on steel girders of the appropriate bearing capacity founded in concrete.

Article 7

The front of the Panel displaying structure for which the building permit is issued by the state administration body shall be in "RAL 2009 Arancio Traffico (orange) color, matt, sleetproof.

The front of the Panel displaying structure for which the building permit is issued by local administration body, shall be in "Traffico RAL 1023 Giallo (yellow) color, matt, sleetproof.

The side and rear part of the Panel shall be in primary orange or yellow color.

The grinders of the Panel shall be in "alluimini Bianco RAL 9006 (gray) color, matt, sleetproof.

Article 8

The Panel shall be made of PVC Self Adhesive Foil (UV resistant, water resistant, resistant to damages), duration of at least three years.

Article 9

The Panel should be displayed in visible and accessible place in the vertical plane with a longer horizontal side, on the right side of the main entrance to the construction site immediately outside the site fence and illuminated with separate spotlight.

The Panel should be displayed in order that its layout and position does not affect traffic safety.

Article 10

The Panel should be removed after obtaining use permit for the structure.

Article 11

The layout of the Panel shall be printed along with this Rulebook and it represents its integral part.

Article 12

This Rulebook shall come into force on the eighth day from the day of its publishing in the "Official Gazette of Montenegro".

No. 01-8624/9
Podgorica, October 30, 2008.
